Householders Face Arrests Over Garbage

Creeks Being Cleaned Out at Big Expense Filled Again

With repeated reports coming in of promiscuous dumping of sacks of tin cans and garbage and other refuse in creekbeds and along county roads, San Mateo county authorities today determined to arrest offending householders.

Constable Fred Grill of this district reported to District Attorney Edmund Scott that he is kept on the run by landowners who complain that refuse has been hurled upon their properties during the night.

Grill was instructed to arrest every individual caught disposing of refuse in violation of the county garbage ordinance.

Scott and Grill pointed out that the garbage and refuse were being thrown into creekbeds and ditches for which the county has just spent many thousands of dollars in cleaning up through the use of unemployed crews.

S. F. FIGHTS BACK

San Francisco courts stepped in today and put a halt to San Mateo county's efforts to stop the dumping of San Francisco's garbage at Bayshore.

The Scavengers' Protective Union, denied a permit by the San Mateo county board, asked for an injunction, which Superior Judge Graham issued. The injunction is returnable October 5 before Superior Judge Franklin Griffin.

An hour before the injunction was issued, Constable Silvio Landini made his second raid against the garbage dumpers. He cited John Musanti, Louis Biachi and John O'Brerty with violating the county garbage ordinance.

District Attorney Edmund Scott said the injunction ties the hands of all San Mateo county authorities. He said he will ask for a change of venue when the county ordinance comes before the San Francisco courts for a test.

Jobless Man Is Suicide Sunday On Crocker Est.

HILLSBOROUGH, Sept. 25.—The early Sunday morning peace of the beautiful estate of William H. Crocker, San Francisco banker, was disturbed when an unemployed man, visiting at the chauffeur's quarters, shot himself to death.

Claude Gibson, 43, uncle of Mrs. Charles Newman, whose husband is head chauffeur for Crocker, is the suicide. The man with whom he came from the East a few days ago, Charles Isley, 25, was wounded in trying to prevent his companion's suicide.

Isley said he awakened early Sunday to find Gibson sitting on the edge of the bed smoking a cigaret and apparently despondent. At Gibson's side lay a revolver.

Isley said he feared that Gibson was about to kill himself and made a desperate lunge for the gun. The two men fought for the weapon and it was discharged. Isley's forehead was grazed by the shot. He leaped from the bed and fled out of the room. When he heard a second shot he knew Gibson had taken his life.

Gibson, investigation showed, had fired the bullet through his temple. The body was removed to the Wyckoff chapel in Burlingame. Isley was taken to the Mills hospital.

Palo Alto Boy Shot Fatally In Gun Accident

PALO ALTO, Sept. 25.—"Crazy" about guns since babyhood, 14-year-old William D. Grisell, son of a retired army major, is dead today, the victim of one of them.

The boy, whose parents are Maj. and Mrs. E. L. Grisell, began collecting guns while going to grammar school. His love for them grew as he got older. Saturday night, at his home here, he went over the collection. He was upstairs in his bedroom enjoying his hobby to the fullest like true collectors do.

Suddenly there came a shot and his parents rushed upstairs to find the boy dying, a .32 caliber bullet in his head. The pistol he had been examining was a recent addition to his collection.

Coroner Amos Williams of Santa Clara county said an investigation convinced him the boy had shot himself accidentally.

LAND USE ORDINANCE FOR SOUTHERN COUNTY IS ADOPTED BY BOARD

AFTER acceding to requests for two minor changes in the proposed land use ordinance for Southern San Mateo county, the board of supervisors at Monday afternoon's session adopted the zoning plan upon which the planning commission has been at work for more than a year.

The two changes had the approval of Hugh Pomeroy, advisor to the planning commission.

Attorney Frank Lee Crist, Palo Alto, representing several clients in the East Palo Alto section, opposed the application of the 12-foot zoning setback on the Bayshore highway on small triangular parcels.

Crist questioned the right of the supervisors to enforce such a setback as he said it would confiscate a number of the parcels.

Percy Gray, owner of such a parcel on the Bayshore highway at Manhattan avenue, also put in an objection to the 12-foot setback.

John Huss, North Palo Alto realtor, supported the uniform setback because of its importance in presenting orderly development of the thoroughfare.

Pomeroy declared that it was not the purpose of the zoning ordinance to confiscate anyone's property, and agreed to a change so that triangular parcels which can be shown to be harmed by the application of the setback, can be excepted from the restriction.

B. N. Hill, president of the Palo Alto Mutual Water Association, voiced objections to the proposal to establish a 25-foot setback in Palo Alto Park. He said deeds to this property called for a 15-foot setback and that improvements have been put in on this line.

Pomeroy consented to placing the setback at the limit in the deeds, but insisted that the side-line setback must be at least three feet instead of two feet as called for in that section.

These were the only objections voiced by property owners of the district.

The ordinance which protects the area from irregular development and safeguards values, was adopted upon motion of Supervisor Rosalie Brown, seconded by Supervisor Albert Witt, Colma. Supervisor John Poole, in whose district the ordiance is applicable, was chairman of the meeting.

ATHERTON STORM SEWER DEFENDED BY ENGINEER

DECLARING that any changes which were made in the plans for the Atherton-Las Lomitas storm sewer culvert were in the interests of bettering the system, L. C. Macabee, deputy county engineer, today answered a protest of nine Las Lomitas district property owners.

The protestants, headed by John W. Grant, asserted that 500 feet of the culvert was on a "dead level" because the concrete drain was one and one-half feet higher at the intersection of Camino de los Robles and Barney avenue than it should have been.

It was also asserted that there were no manholes or catch basins at various intersections.

The protest was sent by Grant and the other property owners to County Executive Walter T. Kellogg, who referred the matter to County Engineer James S. James for a report. James is away on vacation at the present time, and James G. Hamilton, deputy surveyor, says the matter will be brought to his attention as soon as he returns.

Kellogg has requested that an outside engineer, or a crew not connected with the job, be instructed to study the project as constructed and to file a report with the executive.

Macabee's Answer

Macabee, in a letter to Kellogg, answers the protests as follows:

"No Error Made"

"There was no error made in the grade of the Alameda de las Pulgas storm sewer where it crosses Barney avenue. To cut down the necessary borrow in the fill across the low lake area, the height of the culvert along Camino de los Robles was lowered six inches, keeping the same cross-sectional area.

"At Barney avenue, the culvert is actually lower than originally planned, not one and one-half feet higher. This is an advantage as it gives the culvert more cover, now about two feet.

"The plans of the Alameda de las Pulgas sewer show the invert elevation at Barney avenue as 97.2. The elevation of the culvert as constructed was 97.7. This raise in grade of six inches was not a mistake, but a deliberate and necessary change, made to gradually decrease the flow velocity of the storm water as it came down the steep grade off the Alameda to the flat grade across the lake area.

Culvert Has Slope

"There are no parts of the culvert that are level. The average grade is three feet per 1,000; the minimum one foot per 1,000 (for 300 feet across the flat lake area) and a maximum of 32 feet per 1,000 (in the form of a vertical curve 500 feet long) from the Alameda to Barney avenue along Camino de las Robles.

No Deviation

"There has been no deviation from the original plan. The lake area will be drained at two catch basins, one each on the Alameda de los Cerros and Camino de los Robles, which will entirely eliminate any large amount of standing water in this lake area.

"Manholes and catchbasins have and will be built as shown on the original plans except for two instances: (1) the Cedar avenue intersection is on the top of a ridge, making the catchbasin and manhole unnecessary, and (2) the Barney avenue intersection has a manhole entrance to the culvert, but no catchbasin. A catchbasin at this point would have been a waste of time and money."

Macabee recites the difficulties of draining the storm waters from in front of Grant's house, and says that the low part in front of Grant's property is more than two feet below the level of the intersection of Barney avenue and the Camino de los Cerros.

The construction of the culvert is one of the principal unemployment projects of the county.

TWO ESCAPE AS TRAIN NUDGES CAR OFF TRACKS

Two persons escaped death on the Southern Pacific's Main street crossing here Thursday night because a passenger locomotive gently nudged a stalled car off the tracks instead of demolishing it.

C. E. Kleenberger, 1412 Market street, San Francisco, and his companion, Mrs. E. J. Johnson, same address, were the two occupants of the small coupe.

Kleenberger was driving north on Main street and failed to see the swinging red lantern in the hands of Flagman Matthais Smith. Smith blew his whistle, and shouted at the driver, and Klenberger complied by stopping dead on the southbound track.

Meanwhile the engineer blew his whistle in short blasts, and threw on the brakes. The big engine ground to a stop, but not until the piston box or some other extended part of the locomotive had pushed the stalled car off the tracks.

The frightened occupants climbed out, and so did the engineer. They surveyed the damaged car, and the train proceeded. Kleenberger's car had a broken right front wheel, bent axle, broken right headlight, and dented right fender.

Claim for Loss of Fingertips Settled

Damages for amptutation of the tips of three fingers of the right hand of Byrne Wethered Pike, 15, son of Arthur W. Pike, San Francisco hardware merchant and local resident, were compromised today by Sequoia Union High School trustees for $100.

The amount was approved by Mr. Pike on the boy's behalf. Young Pike lost the finger tips in a jointer machine in the manual training shop on March 17.

Attorney George K. Whitworth filed the claim for approval of the courts.

Flytrap Inn Is Visited By Fire In Night

Rear of Well-Known Establishment Destroyed

Flames originating between the kitchen walls of the two-story Roma Hotel at Five Points, the former Fly Trap Inn, caused approximately $3000 damage to the rear of the building before being extinguished by the Redwood City Fire Department shortly after 2 a. m. Thursday.

The fire was discovered about 1:30 o'clock by Albert Toth, one of the roomers, who awakened a dozen other occupants of the upper story of the building and escaped by ladder through a front window after finding smoke and flames blocking his exit by way of the main stairs or fire escape in the back of the hotel.

Started in Wall

The blaze started in the wall opposite the kitchen range, and for that reason its origin was attributed today by insurance adjusters to defective wiring. It burned through the upper floor and between the walls, but quick response by the firemen kept the flames from gaining headway into the main portion of the hotel. The damage included a estimated loss of $2250 on the building and $750 in equipment.

Charles Tognoli Owner

The owner of the hotel, which under the name of the Fly Trap Inn was a widely known peninsula resort, is Charles Tognoli. He reported the loss fully covered by insurance.

An illness which kept Toth awake and enabled him to notice the smoke before the fire got out of control was credited with giving the hotel occupants a timely warning to escape.

Firemen fought the flames for an hour and 15 minutes before they were subdued. This was the first fire of any size since the appointment of two additional battalion chiefs in the department. They are Edwin Holmquist and Richard Drivon. P. E. Brand is also a battalion chief. Chief Mark Ryan's assistants are Clarence Choate and A. W. Russell.

Twenty-four volunteers responded to the alarm from box 34.

Option Cases Continued to October 4th

Seventeen defendants accused of violating the state gambling statutes in the use of the option system of betting at the Baden Kennel Club Tuesday won a continuance until Wednesday, October 4, when their cases were called by Justice of the Peace Ellis Johnson in Daly City.

District Attorney Edmund Scott and his deputy, Harold F. Anderson, opposed the continuance in their desire to bring the question to a head.

Scott said that, if the option system is illegal, he wants the Baden track to stop its use at once, and if the courts hold that it is not, then he believes the track should not be molested.

Scott and Anderson were prepared to prosecute the defendants, who include George A. Kneese, secretary of the club, on the evidence seized by Constable Silvio Landini in three raids a week ago.

But Attorney Harold Falkner, who will be associated with Attorney H. Call, South San Francisco, in the defense of the men, declared he had just returned from Canada and was unprepared to go on. He pleaded for time to study the case, but Scott opposed any delay. Faulkner, however, won the continuance to October 4.

$100,000 Loan From Calif. for Jobless Asked

Request of Macauley, Merk, Approved By Board

Authority to request a loan of $100,000 from the State of California from the $20,000,000 unemployment relief bonds was given by the board of supervisors Monday to Capt. Edward Macauley, director of unemployment relief, and Sam D. Merk, chairman of the citizens' relief committee.

The loan would be repaid between 1937 and 1947 in 20 semi-annual installments of $5,000 each. The money would come from the county's share of the state gasoline tax moneys.

Miss Sarah Fry of Menlo Park objected to the loan, suggesting that the unemployed care was bankrupting the county and that these workless men ought to be taught to grow their produce in their backyards.

Timothy Flood of Menlo Park answered her by saying that he was growing tomatoes and other produce and could not dispose of the vegetables in the market.

"Well, eat 'em," she retorted.

The state loan, if granted, will give the county a potential unemployment fund of $735,826, if needed. As set out by Captain Macauley, the fund would be made up as follows:

County appropriation, $134,000.

Balance of county relief bonds, $141,935.

Anticipated federal funds, $183,-956.

Anticipated state funds, $275,935.

Four Garbage Men Arrested At Bayshore

Four men were arrested late Monday by Constable Silvio Landini in Bayshore for dumping San Francisco garbage on the tidelands without first securing a permit from the board of supervisors. Hearings were set for Friday at 10 a. m.

The board last week rejected San Francisco's plea for a permit.

The public utilities committee in San Francisco last night authorized E. G. Cahill, manager, to see if permission will be given by the San Mateo board to make Mills Field at San Bruno the new garbage dumping grounds to replace the Bayshore dump.

Those arrested by Landini were H. O. Fremeri, L. J. Roberts, both tractor operators, and F. T. Lawrence, trainman. When Foreman Douglass Trewhitt objected to the arrests, Landini also took him along. All four men were released on bail by Judge Ellis Johnson, Daly City.

John Wheaton Dies Suddenly While In S. F.

John Wheaton, well known member of the local post of the Veterans of Foreign Wars, died suddenly while in San Francisco Saturday.

Mr. Wheaton was the husband of Theresa F. Wheaton, and father of Katherine, Mary Elizabeth and John F. Wheaton. He was a native of New York state and resided at 235 Samson street in Redwood City.

In addition to the V. F. W., Mr. Wheaton was a member of Wheaton Camp, United Spanish War Veterans, of San Jose.

BUS TO REPLACE OWL

Plans for Substitution Announced by Southern Pacific Today

Plans for the operation of a motor bus from San Francisco to points on the peninsula to take the place of the "Owl" train which has been leaving San Francisco at 2:30 a. m., were made here today by George B. Hanson, district passenger agent for the Southern Pacific Company.

The change will become effective October 1, but the exact schedule for the motor bus has not been definitely decided on. Hanson gave assurance, however, that the new service would be satisfactory to the passengers who have been using the early morning train.

Small amount of business handled on the "Owl," coupled with the heavy expense of operating the steam train, were pointed out by Hanson as the reasons why the company found it necessary to substitute the more economical motor service.

$443,000.00 ESTIMATED AS COST OF COUNTY PORT; REVENUE FIRST YEAR SEEN

PRELIMINARY plans, specifications and estimates for the county harbor project here have been completed, L. C. Macabee, deputy county surveyor-engineer, reported to the harbor commission today. The total estimated cost is $443,000.

Included in the project are the following items:

Wharf, trestle and sub-structure for transit shed, $190,000.

Transit shed, complete except for floor, $50,000.

Parking area, open storage space and roadways, $26,500.

Railroad spurs, complete with fill, $41,500.

Water supply, $5000.

Dikes, wave protection, additional dredging at wharf, $15,000.

One half cost of channel and turning basin, $94,000.

Engineering and incidentals, 5 per cent, $21,000.

Lieut.-Col. H. A. Finch, district engineer of the war department, has acknowledged receipt of four sets of the tentative plans for the proposed terminal development of Redwood creek submitted by the district.

"It appears that these plans are in substantial conformity with the conditions for port development that are attached to the proposed federal project for Redwood creek, and they have accordingly been forwarded to Washington with recommendation that they be approved by the chief of engineers," Colonel Finch said.

Meanwhile, L. D. Kennedy, employed by the harbor commission to make a survey of anticipated traffic in the harbor, is completing his report.

Although he has not yet finished his work, Kennedy is understood to have found that the port's problem may be one of limiting, rather than seeking, cargoes.

It is optimistically predicted that the net earnings from the port the first year may run as high as $10,000.

The oil tonnage alone, it was said, is high.

STATE REPORTS COUNTY BUDGET EXCEEDS LIMIT

That San Mateo county's 1933-34 budget expenditures provide for an amount greater than the 5 per cent increase allowed by the Riley-Stewart bill was asserted today by the state board of equalization.

The state board alleges the increase to be $170,649.99, or 19.92 per cent greater than the expenditures of 1932-33. This, if true, would be 14.92 per cent in excess of what the Riley bill allowed.

County Controller Edward Stack disputes the state figure, but upon information obtained only today from the state board, and after a recheck of his figures he declares there apparently is provision for an increase of $37,529.32 over last year's expenditures.

The state estimates the total amount of money which the supervisors could expend in 1933-34 as $968,438.11. Stack estimates that this figure should be $1,005,967.43. The difference is $37,529.32.

Stack and James B. Howell, chairman of the charter advisory committee, will meet with the state board of equalization in the near future to see if the equalization board will agree to allow the $37,529 figure, or whatever actual increase there may be, to remain in the 1933-34 budget. The state board has this power, but must give it by a two-thirds majority.

If the state board refuses to allow the county to exceed by $37,-529 the expenditures of last year, then Stack said $50,000 of unemployment funds will be wiped out, and that all departments will be warned that not one cent over their budgets will be allowed during the fiscal year.

Stack laid the confusion over the 5 per cent increase allowed by him and the 19 per cent claimed by the state to insufficient information sent out by the state board when the bill was first drafted.

He said counties about the state were interpreting the 5 per cent allowance in various ways.

Some 20 counties in the state have been cited by the state board for asserted excesses, Stack reported.

FIREMEN KNOW HOW TO PUT ON DANCE; FIRST ONE IN '62

Redwood City's volunteer fire department knows how to go about putting on its annual grand ball next Saturday evening in Foresters' Hall. No doubt about that!

Why? Because the department has been staging its big dance of the year every year since 1862, when it was first organized as Hose Company No. 1.

No organization in the city has ever challenged the volunteer firemen's claim to being the oldest of them all, and 71 years is a long time.

Again Saturday night Chief Mark Ryan and his mates will don their blue uniforms, and have invited the public to participate in their 71st annual ball.

Tickets at $1 each and 25 cents for the extra lady may be purchased from members of the department or at The Tribune office. They are also good for admission to a card party to be held at the same time in the upper room of Foresters' Hall.

Committeemen in charge of the dance are headed by E. Plecq. His assistants include W. Debenedetti, G. Drivon, F. George, Lindsay P. Gray, A. S. Liquori and G. Locatelli.

New Secretary Appointed For Stanford's "Y"

To take up the work so abruptly terminated by the tragic death of Mrs. Allene Lamson on May 30, Miss Elizabeth Lam has been appointed executive secretary of the Stanford Young Women's Christian Association. She is expected on the campus some time this week.

Miss Lam was graduated from William and Mary College in 1928 and received her M. A. degree at the University of Chicago in 1930. While in Chicago she acted as a "Y" secretary in a large hospital. She comes to Stanford with high recommendations as to ability and personal charm from Randolph Macon College in Virginia, where she has been secretary of the student Christian association for three years.

Her experience includes teaching in a junior high school. She belongs to Phi Beta Kappa, national scholarship honor society.

Truck Crash Victim Dies In Hospital

Frank Jameson, 430 Pacific avenue, Santa Cruz, died Saturday in Palo Alto Hospital of injuries incurred September 14 when his truck collided with a trailer on the truck of Roy Johnson, 37, of Fresno.

The two trucks collided on the Bayshore highway in East Palo Alto during a fog. Johnson was cited for driving while intoxicated.

J. D. Tomlin, also of Santa Cruz, who was riding with Jameson, suffered severe injuries in the same crash.

Son Just Learns Of Mother's Death

Word of the tragedy which befell his mother in Redwood City last December has just come to the knowledge of Jack C. Dumas, now in Fort Davis, Texas., according to a letter received today by Dr. J. C. McGovern.

The mother, Mrs. Adaline Harris, was shot to death by her husband, Leroy Harris, in a cottage just off James avenue, near El Camino Real. Harris then went to San Francisco and killed himself.

Dumas said he had not seen his mother for the past 20 years.

Public Works Projects Are Decided Here

$180,000 Co. Office Building Heads Relief List

Decision to make formal application for federal financing of four relief projects under the public works section of the NRA program was reached by the board of supervisors at Monday afternoon's session.

The four projects would cost $425,150. The county hopes to secure an outright grant of $127,545, leaving the county's share at $297,-605.

Most important of the four projects is the $180,000 county office building to be situated near the courthouse. This would be leased from the government on a rental basis until the building was paid for, after which title would pass to the county.

The federal government would be asked to give a grant of $54,000 to this building, and to grant a loan to the county for $126,000 on the balance.

Another important local project is the proposed expenditure of $130,450 on the Redwood City-Woodside unit of the La Honda road, $39,135 to come from the government as a gift, and $91,315 to be the county's share.

Third in importance is a Daly City lateral to cost $69,700, and to connect School street with the Skyline boulevard.

The fourth project is a $45 000 addition to the poor farm.

S. M. Co. May Send Forty to Forest Camps

SACRAMENTO, Sept. 27 (AP)—Between October 1 and October 15 2853 California youths will enter the Civilian Conservation Corps camps on a six-month enlistment, taking the place of the boys who have been in the camps for half a year and do not care to live there any more.

San Mateo county has been notified by R. C. Branion, state emergency relief administrator, it can send 40 young men to the camps. The selection of boys is to be made by the county welfare agent who six months ago selected the enrollees who are in camp now.

After the boys are selected and examined physically, they are to be sent to army posts in San Francisco, Monterey and in Los Angeles county for conditioning. This will take two weeks and the boys will then move to the camps for the winter.

They are to receive $30 a month under the agreement that from $20 to $25 of the amount is to be sent to their homes to aid their families.

Clean- Up At Home

The San Francisco Argonaut has started a series of articles concerning San Mateo county. The first appeared last week and was anything but complimentary to the county government and its officials. More than likely the ones to follow will be similar in criticism of our office holders. It would seem that the Argonaut has plenty to do in cleaning up the mess it has in San Francisco without digging into the affairs of this county.

He Knew Baseball

In the death of Ring Lardner, America loses one of her most gifted short story writers. In his famous You Know Me, Al, series, based on Lardner's own intimate knowledge of baseball, he uncovered a new and rich vein of American humor. Memories of some of Al's misadventures still bring a chuckle to many readers.

No Civil War

In California the south can outvote the north, yet the record shows that more northerners become governors than southerners. Governor Rolph hails from San Francisco. His immediate predecessor hailed from Alameda. While Friend W. Richardson is originally from San Bernardino he has become a northerner so far as residence is concerned.

Not what we find any fault with the arrangement or the election outcome. There should be no sectionalism in California. There is no civil war being waged in this state.

Wesleyan Banquet Attracts Many To Bertrand's

The first annual banquet of the Wesleyan Club of the First Methodist Church was attended by more than 50 members and guests last evening at Bertrand's on Middlefield road.

The program, arranged by the retiring officers, included vocal solos by Mrs. Rozelle Mossman, readings by Mrs. Mildred Buhler, and trio selections by Mrs. James C. Dodge, Mrs. Herbert Treichel and Mrs. Edith Landers, accompanied by Mrs. Ramon Dimick. Singing was led by Mr. Earl Whitaker.

Mr. Charles S. Morris, dean of San Mateo Junior College, gave some reminiscences in the field of sports. Toastmaster of the evening was Mr. Harry C. Reed, retiring president.

New officers installed were Mr. Clarence Mossman, president; Mr. Fred Schmitz, first vice-president; Mrs. Herbert Treichel, second vice-president, and Mr. Earl Whitaker, secretary-treasurer.

It was decided to raise funds with which to send two delegates from the local church to the Epworth League conference next summer.

Mrs. C. O. Ellingson as chairman were new appointees.

On the committee were Mr. Reed, Mrs. Schmitz, Mrs. Clinton Gleason and Mrs. Donald L. Bogie.

The new officers will prepare the entertainment for the next meeting October 30.

Young People Entertained After Dance

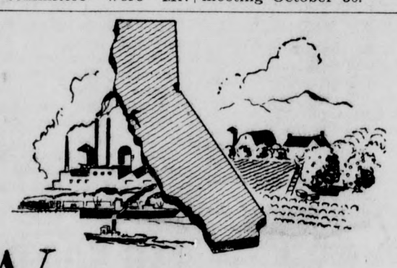
Guests were the Misses Lorna Noah, Marion McCrea, Nancy Crockett, Jane Reynick, Bernice Tucker, Marie Farmer, and Messrs. Jack Reynick, Laurie Tompset and Charles Neils.

Mrs. Ward Tucker of Eighth avenue also entertained, with covers laid for 24.

Newcomers to Redwood City

Mr. and Mrs. Kenneth Kennedy and son of San Francisco have recently come to Redwood City and are living at 94 Buckingham avenue.

Among other newcomers are Mr. and Mrs. G. Hargrave and daughter of Mt. Howell, Calif. They are living at 1429 Oak avenue.



What statewide branch banking *means* to Californians

1. It provides the same type of metropolitan banking facilities for the smallest communities of the state as it does for the largest.

2. Funds from a great reservoir of capital are quickly diverted to any section of California that requires special seasonal financing.

3. Stability of statewide industry and agriculture is enhanced by this quick movement of needed capital.

4. By keeping its resources in 243 cities instead of having to confine them to any one section, exceptional protection is afforded depositors. It is obvious that economic set-backs in any single locality could have but little effect upon the entire state.

5. Therefore, your money deposited with Bank of America is protected by assets based on the diversified industries of one of the world's richest empires—California.

6. Your money in a Bank of America savings or commercial account is actually helping to finance, not just a single community, but the vital industries of all California—agriculture, horticulture, lumber, livestock, manufacturing, oil, fisheries, shipping, wholesale and retail business, and home building.

Three local men have recently motored north for a deer hunt. They are Charles Durham, Alex Munro and Ed Beebe, all of King's Mountain.

Workmen for the past week have been busy at the Woodside Telephone Exchange tearing out the wooden flooring and replacing it with a concrete floor.

'The Stranger' Central Figure Of Jerome Play

An experienced cast from the El Camino Players takes part in the presentation of Jerome K. Jerome's "The Passing of the Third Floor Back" Sunday evening in the McKinley school auditorium.

The central figure, that of "The Stranger," whose influence serves to pacify the situation in a typical London boarding house, is portrayed by Arthur Lampkin. In the three parts of the drama, the prologue, the play and the epilogue, the Christ-like effect of "The Stranger" is shown.

The characters, all occupants of the boarding house, include Miss Vera Clements as Mrs. Sharpe, landlady; Miss Lucille Boulware as Mrs. Tompkins; Tom Ambrose as Major Tompkins; Charles Douglass as Jape Samuels, a Jew; Joe Paron as Harry Larcome, musician; Jack Harris as Joe Wright, bookmaker; Miss Charlotte Rider as Vivian Tompkins; Bob White as Christopher Penny, artist; Mrs. Mae Ogg as Miss Kite, an old maid; Miss Virginia Klassen as Stasia, a slavey; Mrs. R. F. Pierce as Mrs. DeHooley.

The production, the second staged by the El Camino Players, is sponsored by the protestant churches of the community.

Tickets are being sold at 25 cents each and may be obtained at Ryan's, Lock's and the Sequoia pharmacies and at Helen's Circulating Library.

Shooting in S. F. Rumored to Have S. M. Co. 'Angle'

San Francisco police today were investigating a report that a man, found fatally wounded Sunday night in a Howard street hotel, had incurred his wounds in a San Mateo county gambling resort. The man was Chauncy Dahms. An empty shell found in the hotel indicated that the man had been shot there.

Sheriff James J. McGrath reported that the matter had not been called to his attention by Inspector Allen McGinn of the San Francisco homicide squad. McGrath said he understood that Dahms registered at the hotel and appeared not to have anything wrong with him at the time. He said he believed that if the shooting had taken place in this county that McGinn would have called it to his attention immediately.

Rainbow Girls Have Colorful Ceremony Here

One of the most colorful events in the history of Redwood City Assembly, Order of the Rainbow for Girls, was held on Monday in the Masonic Temple on the occasion of the official visit of Miss Ramona Luttrell of San Francisco, grand worthy advisor, and a reception honoring Miss Luttrell and Miss Martha Cummings of this city, who is grand treasurer of the order.

More than 350 guests, including present and past state officers and the supreme deputies of California and Texas, were present for the affair, at which Redwood City assembly was assisted by the San Mateo and San Jose chapters.

The two guests of honor were presented with gifts in a picturesque ceremony, and songs of their respective universities, Stanford University for Miss Luttrell and University of California for Miss Cummings, were sung.

The program included an inspirational address by Miss Golden Grimley of Stockton, grand lecturer; selections by a group from the San Jose assembly, and a musical burlesque by the Redwood City members under the direction of Miss Charlotte Rider.

Miss Leila Swett, who relinquishes her post as worthy advisor of Redwood City assembly with the installation of new officers Saturday evening, presided at the opening and closing ceremonies and was toastmistress at a banquet which followed, sharing honors with the worthy advisors of the San Jose and San Mateo chapters. Also acting for the hostess group was Mrs. William J. Dusel, mother advisor of the assembly since its founding.

Mrs. Virginia Towle, a majority Rainbow member of the local assembly, was hostess for the evening.

Prominent guests included Mrs. Kate M. Nichols of San Francisco, supreme deputy of California; Mrs. Daisie Cushing of Texas, supreme deputy of that state and supreme love of Oklahoma; Miss Janis Conklin of Stockton, past grand worthy advisor, and the following grand officers in addition to Miss Luttrell and Miss Cummings: Nance Annear of San Francisco, grand charity; Wilda Winter of San Francisco, grand recorder; Edna Schaffner of San Francisco, grand drill leader; Elizabeth Danielson of Oakland, grand love; Barbara Eastin of Berkeley, grand fidelity, and Golden Grimley of Stockton, grand lecturer.

There were other grand officers and past worthy advisors present, including the following who have gone through the chairs of Redwood City Assembly: The Misses Norma McArthur, Martha Brand, Mary Bell, Myrtle Tripp and Brita Seebohm.

The worthy patron and worthy matron of Sequoia chapter, Order of Easter Star, Mr. Albert Smith and Mrs. Rebecca Weiss, and members of the advisory council of the assembly were in attendance.

The hall was decorated in huckleberry, and Rainbow colors were used in the banquet room. The grand officers' table was decorated in white and gold.

Natural Gas

Buy NOW! *Before prices advance*

Cost of all materials that go into gas appliances have gone up. Labor costs too have risen. But prices have not yet risen on gas heating appliances. Be wise—buy gas heating appliances now.

SINCE the advent of Natural Gas into Northern California less than four years ago, 153,000 installations of Natural Gas heating appliances have been made.

Further, nine out of ten heating appliances of all types purchased today by our customers, are for use with Natural Gas, the naturally better fuel.

Think of that! These thousands of people, men and women, who have had experience with many types of heating equipment and fuels register an almost universal acceptance today for Natural Gas heat.

There are two outstanding reasons for this preference for Natural Gas fuel—convenience and cleanliness.

Natural Gas is the convenient fuel to use. It is piped directly to the appliance where it is burned. It is easy to turn on, easy to control. And absolutely carefree and quiet in operation.

Natural Gas is the clean fuel to use. It burns with 100% combustion. Residue or deposits are unknown with Natural Gas fuel. That means clean chimney flues and chimneys, cleaner roofs, trees, gardens, neighborhoods.

Why not plan now to know real winter comfort by having Natural Gas heating installed in your home? There is a type and size appliance that meets every individual home need, and at a price every home can afford. Get the facts for your home today.

Charles L. Culross, North Palo Alto, was fined $10 for speeding by Judge G. Elmer Jennings and decided to take a jail sentence. After two hours behind the bars he changed his mind and the fine was reduced $2 because the two hours officially meant a day.

Ernest Losch, Millbrae, charged with driving through a stop light, stayed overnight at the bastile and got credit for the hours on both sides of midnight, or a cut of $4 in his $10 fine.

David Campbell Bequeaths $50 To Wife in Will

The bulk of the estate of David Richard Campbell, 59, pioneer Daly City plumber and San Mateo county freeholder, was left to his sister, Miss Mary Campbell, 60, of 533 Liberty street, San Francisco, Campbell's will filed for probate today disclosed.

Fifty dollars is left to Campbell's widow, Lela, 101 Santa Cruz avenue, Daly City. However, Mrs. Marion B. Roche, 36, 533 Liberty street, San Francisco, Campbell's daughter, declares the estate to be community property.

Campbell died in St. Joseph's Hospital, San Francisco, on September 11, last. He used a graphic chart at the hospital for his will, and wrote it the day before he died in the knowledge that he had but a brief period to live.

Two nurses, Helen Stanton and Kathleen McCann witnessed the will. Campbell's estate is valued at less than $10,000, according to the petition.

Campbell named his daughter, Mrs. Roche, as executor. She is to get a daughter's share and the rest of the estate on the death of Campbell's sister.

Ephraim Adams, San Francisco, is the attorney.

The young couple were separated on April 11. J. N. Andrews is attorney.

The Day of Atonement, or Yom Kippur, is the most sacred and important period in the Jewish calendar and is kept solemnly as a day of fasting and prayer by Jews of all the world. It begins at sunset Friday evening and ends with sundown the following evening.

A feature of the Yom Kippur is the memorial service which will be held at 11 a. m. Rabbi Zwerin will preach on "The Nature of Tears." The members of the congregation who have departed, together with those who have served the good of mankind, will be remembered in filial devotion.

At 2:30, following the additional service which Cantor Carmel will will be held which will be conducted by the young people. Morris Blachman, Mervin Bruck, Irving Gold, Sidney Gutterman, Sidney Levin and Albert Wasserman will take part in this service.

The Day of Atonement sermon chant, a special children's service will be preached by the rabbi at ten minutes past 4 o'clock. His subject is "The Greatest Vice," following which the concluding service will be chanted. The blowing of the Shofar, or ram's horn, will mark the completion of Yom Kippur.
